REPUBLICAN COUNTY CONVENTION.

The Republicans of Mason county will meet at the Courthouse Saturday, August 23d, 1903, at 1 o'clock p. m., to select delegates to the Conventions to be held at Vanceburg August 25th, 1903, to nominate candidates for Judge of the Nineteenth Judicial District and State Senator from the District composed of Mason and Lewis counties. Basis of representation is one delegate for each 50 votes and fraction over 25 cast for Presidential election in November, 1900. W. D. COCHRAN, Chairman.

There are evidences that some of the Goebel papers are suppressing parts of the testimony in the Powers trial. Anything that is favorable to the defendant is carefully eliminated. This is a "part of the play" for votes at the coming fall election.

GEERWIZZ! Uncle Sam has at last woke up and is looking after the wholesale naturalization of the paupers and Anarchists that flow into this country. A few days ago Mr. C. A. C. VANDEUSEN, a Special Inspector of the Department of Justice at Washington, called on the Probate Court at Cincinnati; and the result of his visit is that the 25,212 naturalization papers issued by that Court since TOM CAMPBELL burned the Courthouse in 1884 are declared null and void. The Inspector called for all the papers issued since 1853, but all prior to 1884 had been burned with the Courthouse. Now, if since 1884 there have been 25,212 "irregular" naturalizations in such a conservative city as Cincinnati, where the foreign-born population is only 57,961, what must it have been in Boston, with 197,129; Buffalo, with 104,252; Cleveland, with 124,631; San Francisco, with 116,885; St. Louis, with 111,356; Philadelphia, with 295,340; Chicago, with 587,112; and New York, with its 1,270,080 foreign-born residents? Uncle Sam is to be congratulated on his awakening, and every good citizen, foreign-born as well as native, will wish him God-speed in his investigations.

STRIKES come high—to the poor strikers; but the Walking Delegate must have 'em. The recent strike of the 17,000 textile workers at Lowell, Mass., has caused a loss of \$1,300,000 in wages. Just think how much "hog and hominy" that would buy!

MURDER is to be made unpopular—even in some parts of Europe. In consequence of the assassination of King ALEXANDER and Queen DRAGA and the subsequent attitude of the Servian military officers, both Russia and Austria have decided to send home all the Servian officers studying in their military schools. Russia has forbidden her officers to have either official or social intercourse with Servian officers.

FRANK CECIL, the new "star" witness who was called in to convict CALER POWERS of conspiring to kill GOEBEL, on cross-examination testified thus—

He said he was present at a meeting, the object of which was to discuss the bringing of more mountaineers to Frankfort. A man named BURTON held up a cartridge and said, "This is the only thing that will settle the business." POWERS, who was presiding, was the only man present to take any exception to the remark. He said, "If there is any talk like that I'll resign." He said POWERS appealed to him to assist him in keeping the mountaineers sober. Upon being asked, "Did you enter into any arrangement with the defendant or any one else to bring about the death of WILLIAM GOEBEL?" he replied "No."

To a man up a tree that looks like pretty strong testimony as to the innocence of POWERS; but it may be depended upon that that solidly Democratic Jury will convict him all right.

THE country is occasionally indebted to an honest Democrat for a solid chunk of truth, delivered with convincing force. Judge JERE MORTON, one of the staunchest Democrats of Central Kentucky, in opening the Caleb Powers trial at Georgetown last week, speaking of the conditions prevailing at Frankfort when GOEBEL was shot, made this remarkably strong statement—

"Of course, the Republicans felt intensely and may have spoken unguardedly. They knew that by the election law in force the Democrats held the cards, and dealt the cards, and marked the cards."

And, the Judge might have added, they knew further, that GOEBEL and his gang having stolen the nomination from fellow Democrats in the Music Hall Convention, they would not hesitate to steal the offices from the Republicans. Which they did.

**Not Over-Wise.**  
There is an old allegorical picture of a girl seated at a grasshopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by J. Jas. Wood & Son, Druggists.

New York's Mutual Protective Union has allied itself with the American Federation of Labor.

The free employment bureaus of Chicago are to be abandoned as a result of a recent Court decision.

San Francisco Union pie bakers have secured a reduction in working hours from sixty-two to sixty a week.

About 17,000 operatives were involved in the Lowell (Mass.) textile strike, which has cost in wages about \$1,300,000.

A request will be made by President Gompers to the Western Federation of Miners asking them to reaffiliate with the A. F. of L.

A woman giving the name of Applestein, upon being brought before a Police Magistrate in New York charged with vagrancy, as a professional beggar, was found to have bank deposits of \$1,600 and \$75 in currency.

# "As Ye Sow, So Shall Ye Reap!"

The Bible so states, and the Bible is truth. Some sow wild oats and reap the whirlwind; others sow good deeds and reap contentment; but nearly every one sows wheat. In Mason and adjoining counties most every wheat sower reaps contentment, because they sow wheat with a Richmond Champion Patent Double Disc Drill. Fact. If doubtful send for our testimonial book. There are over 530 farmers in this section using Richmond Champion Drills. We would like for you to see what they say. That little disc does the business. Each feed run has two discs and the wheat is delivered between them. These two discs hold all the dirt out until the wheat reaches the bottom of the furrow and then covers it from both sides. The rains beat the dirt to the wheat from both sides. The wheat is fed from both sides in growing. PROVIDENCE HELPS THOSE WHO HELP THEMSELVES. Do your part by seeding as common sense teaches you is best and leave the results to Providence. Look at a CHAMPION DRILL and see if it is a common sense way of seeding.

## WE ARE FISHING

For your wagon trade. You will want a new wagon to haul off that wheat and house that tobacco, and we earnestly ask you to look at the wagon made by Mr. Fish. We sell the only farm wagon made by men named Fish, and are sincere in saying to you that we honestly believe that the genuine Fish Bros.' Farm Wagon is the very best one made. FISH BROS. NEVER FISH FOR SUCKERS, but they leave unpainted the underneath side of all axles, hounds and coupling poles so that you may see what kind of wood you are buying. If it is a good thing it is on a Fish Bros.' Wagon. Their long experience has added many beneficial patents until today there are more exclusive good things upon Fish Bros.' Wagons than upon all others combined. We earnestly ask you to look at a Fish Bros.' Wagon.
